word-for-word	out	come	only	come out	out	come	only	come out
translation	Come out, come out.							

Note from James Burns

The sense of this phrase in the context of battle would be to bring whatever you have out in the open to fight, instead of relying on trickery or subterfuge. There is a praise name *bedi menye ηutsu, do va nava wɔe, ηkume kplē ηkume*- the person who hides is not a man, bring it here and do it eye to eye.
