RE: LMC OSHA/IAQ Congressional Outreach

International  
Association of  
Machinists and  
Aerospace Workers

This memorandum is a status report on the LMC's OSHA/IAQ congressional outreach program. What follows is a breakdown of the 67 letters sent from state and local labor organizations to the targeted list of Members of Congress to date.

International  
Brotherhood of Firemen  
and Oilers

As a result of LMC work at the BC&T International Convention late last month and wrapup work by the state consultants, we expect additional letters to be forwarded to the Committee over the next week or two. Copies of all letters received to date have been forwarded to your office. Additional letters will be forwarded as we receive them.
