Office of Admissions  
136 Harrison Avenue  
Boston, MA 02111

Dear Jumbo,

I am pleased to inform you that the admissions committee of the Tufts University School of Medicine has recommended that you be granted a position in our Medical Degree Program beginning in the Fall 2005. Congratulations! The admissions committee feels that you not only have the academic potential to succeed in our program, but that you also have qualities that will lead to your achieving a very satisfactory career in medicine.

Our faculty and students extend a special invitation for you to visit Boston over the next few weeks. If you feel a visit would be helpful in making your final medical school choice, we hope you will take advantage of this opportunity.

Please let us know by May 1 whether or not you plan to accept our offer of admission. If you choose to offer our offer, please submit a \$200,000 non-refundable deposit that will be applied to your tuition upon entry into our professional program this fall.

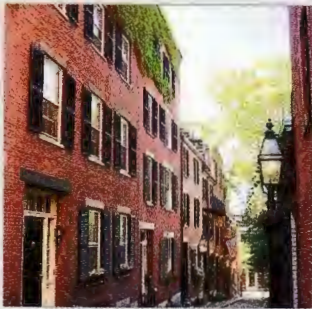

We very much hope that you will decide to join us at TUSM. We have enclosed a brochure about the experiences and opportunities at Tufts University that may be helpful to you in making your final choice. Whatever your decision may be, you have our best wishes for every future success.

Sincerely,

*The Yearbook Staff*

# Class of 2009

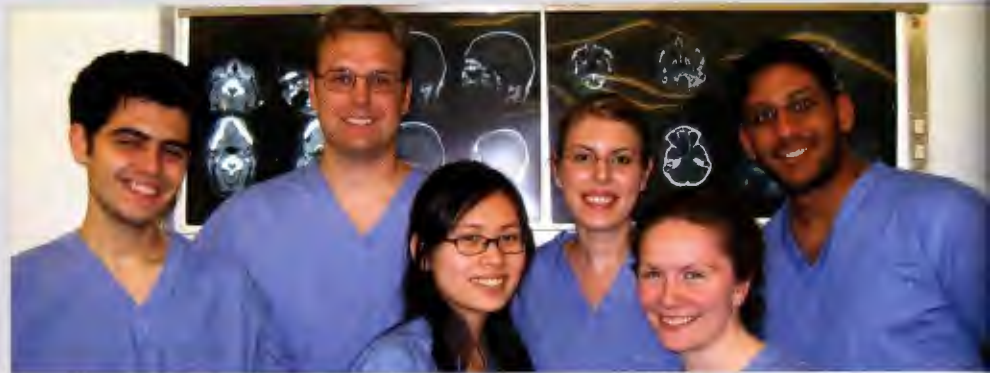

You have brains in your head. You have feet in your shoes  
And you can steer yourself any direction you choose.

You're on your own and you know what you know.  
And YOU are the guy who'll decide where to go.

It's opener there in the wide open air,  
Out there things can happen and frequently do to people as brainy and footsy as you.

And when things start to happen, don't worry. Don't stress.  
Just go right along. You'll start happening too.

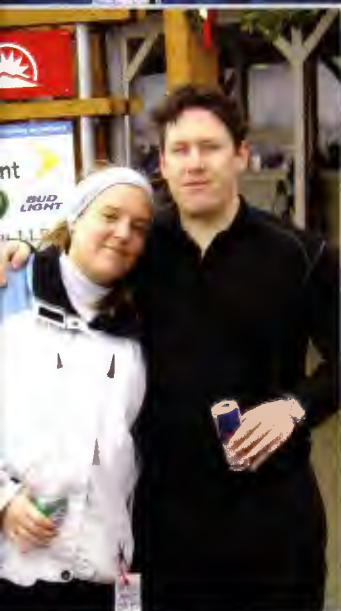

You'll be on your way up! You'll be seeing great sights!  
You'll join the high fliers who soar to high heights.

You won't lag behind, because you'll have the speed.  
You'll pass the whole gang you'll soon take the lead.  
Wherever you fly, you'll be the best of the best.  
Wherever you go, you will top the rest.

Except when you don't  
Because, sometimes, you won't.

I'm sorry to say so but, sadly, it's true  
and flang-ups can happen to you.

And when you're in a Slump,  
you're not in for much fun.

Un-slumping yourself is not easily done.

You will come to a place where the streets are not marked.  
Some windows are lighted. But mostly they're darked.  
A place you could sprain both you elbow and chin!

# Volunteering at Camp Miracles and Magic

There are points to be scored. There are games to be won.

And the magical things you can do with that ball will make you the winning-est winner of all.

New Bedford Half Marathon  
April 5, 2007

Just never forget to be dexterous and deft.  
And never mix up your right foot with your left.

MPAG

I'm afraid that sometimes you'll play lonely games too.

Games you can't win 'cause you'll play against you.

And when you're alone, there's a good chance  
you'll meet things that scare you right out of your pants.

But on you will go though the weather be foul.  
On you will go though your enemies growl.

On and on you will hike and I know you'll hike far  
and face up to your problems whatever they are.

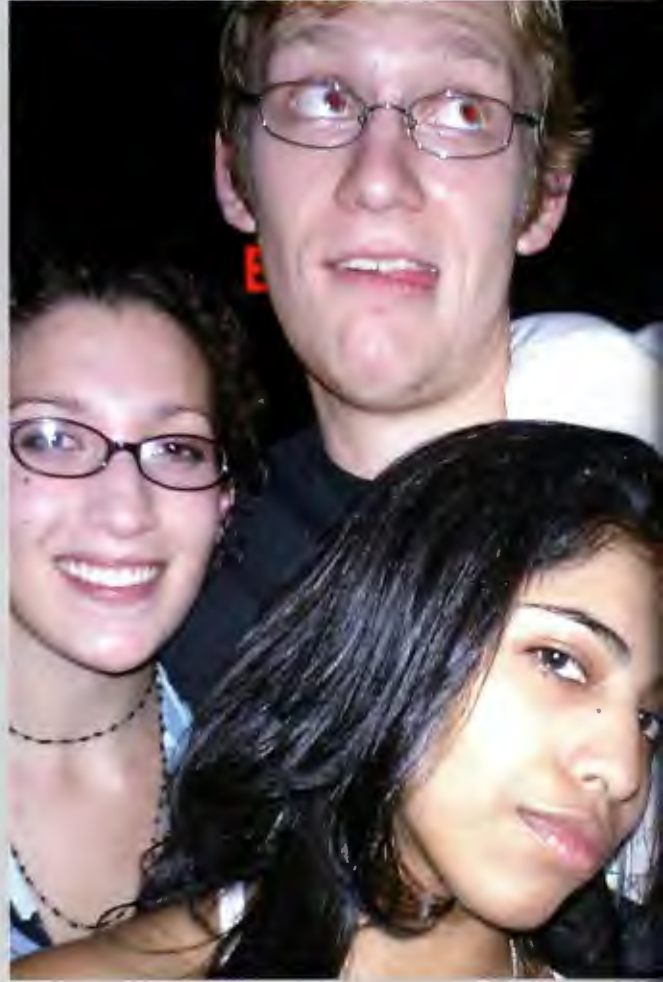

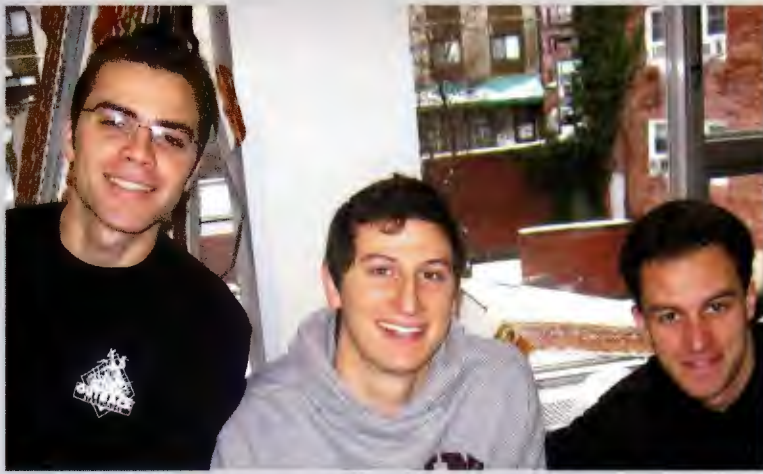

# M'09 at heart

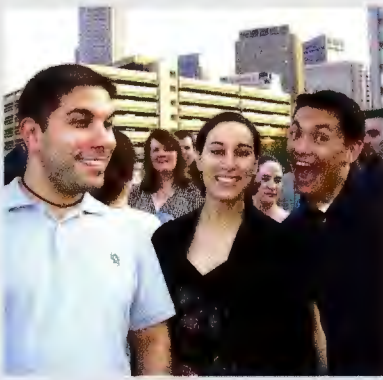

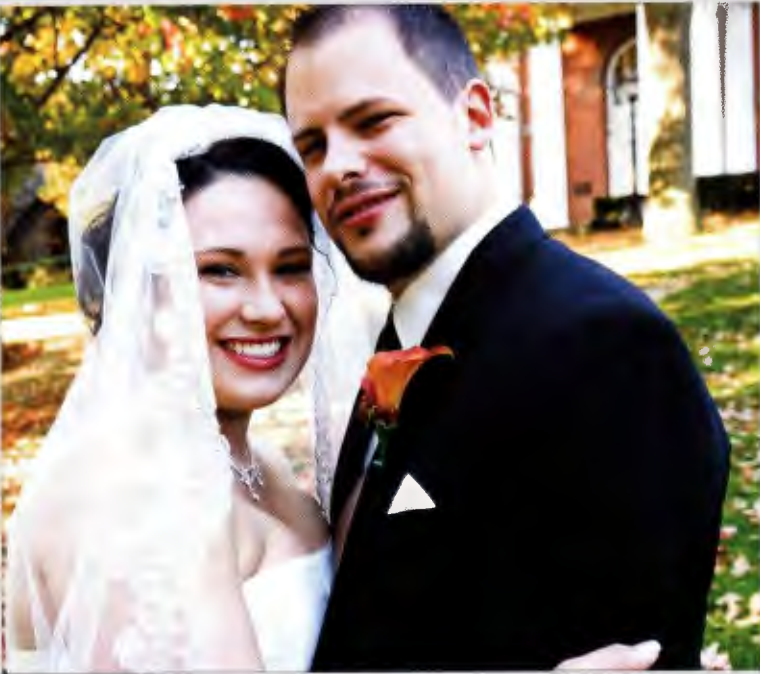

So be sure when you step,  
Step with care and great tact

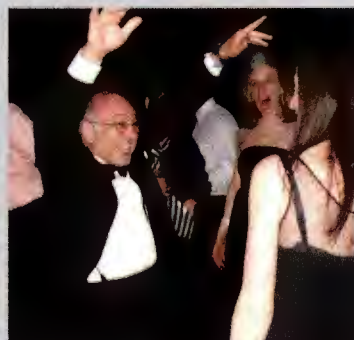

and remember that Life's a Great Balancing Act.

And will you succeed?  
Yes! You will, indeed!  
(98 and 3/4 percent guaranteed.)

you're off to Great Places!  
Today is your day!

Your mountain is waiting.  
So... get on your way!

- Dr. Seuss
