MEMORANDUM

FROM: Tom Donahue

January 4, 1988

TO: Susan Stuntz

On Thursday, December 10, I attended a dinner in Boston celebrating the 100th Anniversary of the International Brotherhood of Painters and Allied Trades, AFL-CIO. I was a guest at the Tobacco Institute table. Dennis Dyer and Barclay Jackson of the Institute and Jim Tiernan of Urban Resources also attended.

As you know, the Painters' union in Massachusetts forcefully took a position last year against ad bans, an issue of interest to the Committee.

The Labor Management Committee's congratulatory advertisement which appeared in the dinner program was very well received. My contacts with AFL-CIO officials during the event included:

- Arthur Osborn, President, Massachusetts AFL-CIO
- Bob Haynes, Secretary-Treasurer, Massachusetts AFL-CIO
- Frank Myers, Regional Director, AFL-CIO

I discussed briefly with Osborn and Myers the upcoming regional AFL-CIO meetings. Osborn reaffirmed his intention to help promote the issue of indoor air quality, and pledged to send a letter to Julius Uehlein, President of the Pennsylvania AFL-CIO and chair of the upcoming meeting in regard to a presentation on the issue.

Frank Myers, Regional Director of the AFL-CIO, is helping to put the meeting together and will be supporting our efforts to address this important labor group comprising state federation presidents and/or their legislative directors.
