

My Dog Cody

Paras Patnaik

My dog Cody is the coolest  
dog in the world! He is  
really sweet and loves to eat,  
sleep and chase bunnies

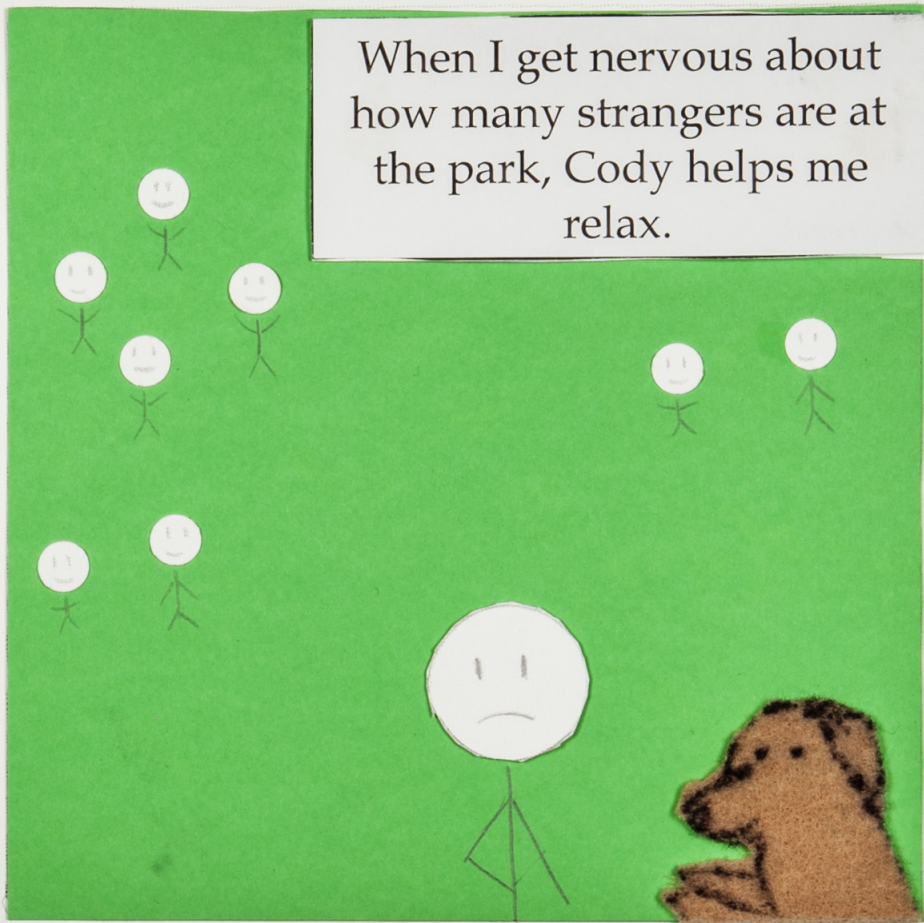

Whenever Cody and I go to the park to play, my mom always tells us to take care of each other...and that's exactly what we do!

When we get to the park,  
Cody can't remember where  
he buried his bone last week.  
I can help him find it!

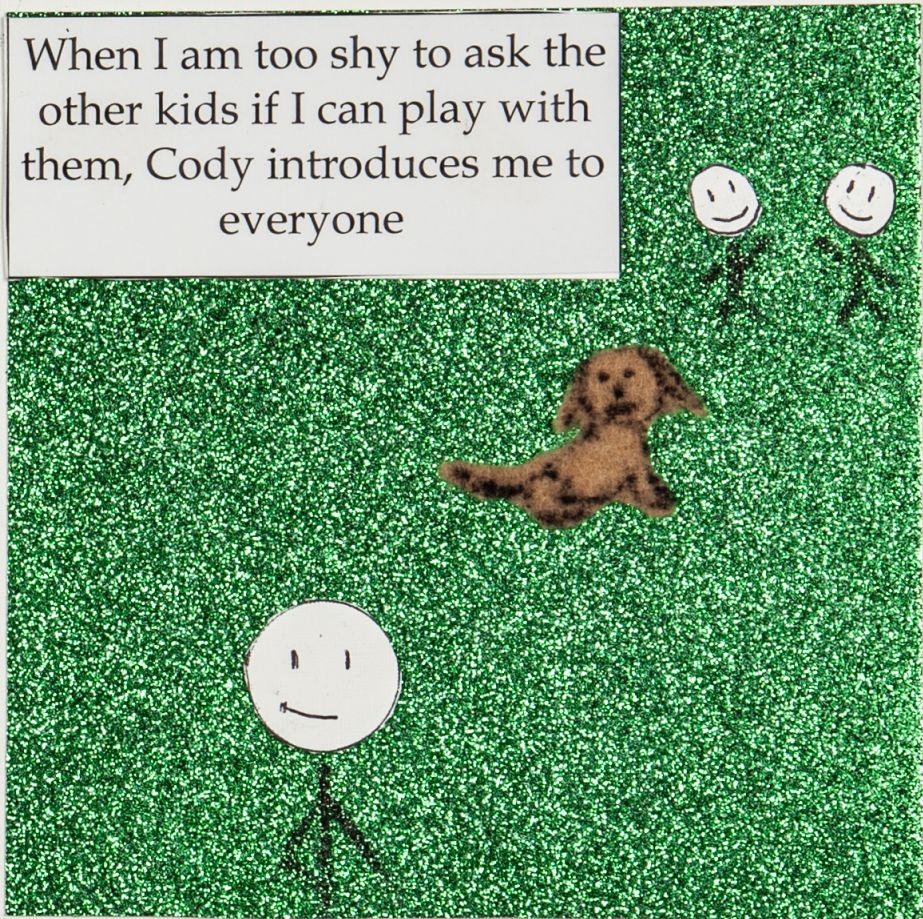

When I get nervous about  
how many strangers are at  
the park, Cody helps me  
relax.

Cody is getting upset  
because he can't find his tail.  
I show him where it is!

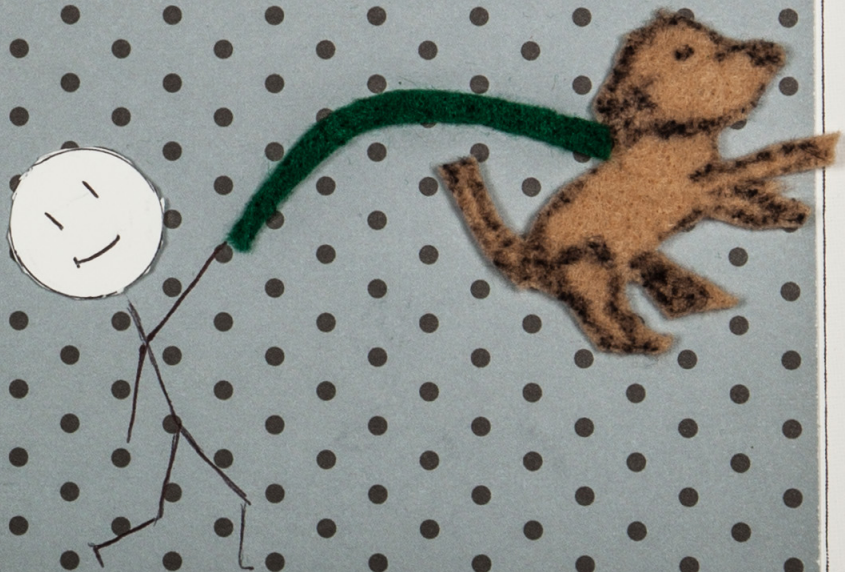

When I am too shy to ask the other kids if I can play with them, Cody introduces me to everyone

When it starts raining, the  
thunder scares Cody. I give  
him a hug to make him feel  
better.

When we get lost on our  
way home, Cody leads the  
way.

When we finally get home,  
Cody is soaking wet so I dry  
him off.

Cody and I are best friends!  
We help each other all the  
time and I love him so much!
