

# Just Masterbation

By

Kenneth M. Key

People having conversations  
about Mass Incarceration  
and ridding the system of  
this 13th Amendment enslavement  
and the Resentencing Schemes  
for a new generation of prisoners  
AND

The narrative has lasted longer  
then the Intellectual Masterbation,  
provided at each presentation of  
those coming and coming over  
our situation.

As they state: excited to be here  
and part of the conversation,  
of Resentencings Schemes recycled  
over and over again, while we  
die off, because its just  
Conversation

Not yet free...

P 5/1/2

Now our sons, daughters and  
grand children are in the same  
situation, while they who  
have the solutions continue to  
Masturbate

Yet

We're still not free —

Yet one ReSentencing's  
Scheme after another  
generation after generation  
while they continue in their  
Intellectual masturbation

AND

Poets like Nikki Finney saying:  
"We must lead with Love."

But it gets lost in the masturbation,  
the desire to be seen and heard  
and that's the climax —  
but still not free  
— Just Masturbation.

— END —
