Not For Me

Not interested in a shot glass of drool
nor kissing cig butts. There's no
attraction to dancing with

drunken hands or staring at smokey
strobes blinding the night's

temptation. A thick booze fog makes
my stomach sick as wafts of

alcohol humidity triggers my
P.T.S.D. Can't wait to exit this

brothel head for clear polluted
air and to see a glimmer of

the light.
