**MEMORANDUM**

**TO:** Martha Rinker  
**FROM:** James Carey  
**RE:** Florida AFL-CIO Convention

September 11, 1991

*R* 9/23/91

Florida AFL-CIO President Dan Miller has invited Frank Powell and me to give an IAQ presentation at the state federation convention on Tuesday, September 24 in Miami, FL. The presentation will be part of a workshop on labor legislation. The presentation was put together by LMC consultant Frank Ortis.

Ortis has been pushing Florida labor to get behind a state IAQ bill and believes that this workshop will provide the opportunity to educate and brief labor leaders on the issue. We are preparing a resolution on IAQ that will be placed before the convention.

In addition, we will schedule a meeting with the state federation leadership on the issue. President Dan Miller is a member of the Democratic National Committee (DNC), and I have an excellent working relationship with him that stems from my work at the DNC.

Please give me a call if you have any questions. Upon your approval, I will proceed with arrangements for the presentation.
