Washington, DC 20006

Dear Ms. Stuntz:

Below is my report for April, 1992.

Fair Taxes. I presented the fair tax materials to the Hillsboro School Employees Executive Board. They found the materials to be informative and will allow me to present the materials to the membership.

I presented the fair tax materials to the membership of Local 2061 of the International Association of Machinists and Aerospace Workers in Cape Canaveral, Florida.

I presented the fair tax materials to the Executive Board of Local 568 Transport Workers Union of American Airlines. They approved the presentation and allowed me to present the materials to the membership, which is approximately 1,800 members.

I have been invited to make additional presentations which I will do next month.

Taxes are the major issue in Florida and there will be a special session of the legislature called on June 1, 1992, to attempt to pass a budget for Florida which is constitutionally mandated by July 1, 1992. I will continue to work for progressive taxes this year.

I continue to work on the Safe Indoor Quality issue and have been invited to make additional presentations.

I will attempt to work, with the cooperation of the Florida AFL-CIO, to make the privacy issue one of the legislative priorities.

Sincerely,

Frank C. Ortis
