STATE SIDEBARS

- New York companion bills, A346 and S309, would require death certificates to include whether tobacco, drugs, alcohol or AIDS was "contributing cause of death". - Ins and Outs. Legislative action has begun in 32 states...two others, Alabama and Oklahoma are holding organizational sessions. Next week, 11 more states convene for 1991. Kentucky does not meet in regular session this year, but will start special session 1/14 to tackle solid waste management, drunk driving, corporate tax incentives.
