Donald Mooney, Chairman  
Executive Committee, MSFA  
3313 Ryerson Circle  
Baltimore, MD 21227

Dear Mr. Mooney:

Several weeks ago I spoke to you regarding the "Fire Safe Cigarette Act" and its need for support.

Enclosed you will find a copy of the act and numerous material. There are two bills that have been introduced over the last several years. First was Congressman Moakley's bill. It was done before study information was released that resulted in the enclosed legislation introduced by Congressman Boucher.

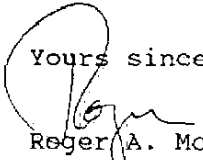

Last year most national fire service organizations, including the NVFC, supported the Boucher bill. The Joint Council of National Fire Service Organizations will be taking a mail ballot on the bill in the next few weeks and will again, undoubtedly support the legislation. No changes have been made to this year's bill.

We would appreciate your efforts in obtaining an MSFA endorsement.

Should you have any specific questions please contact Peter G. Sparber, Sparber & Associates, Washington, DC, 202-393-3240.

I'll extend my thanks in advance for your efforts on behalf of the Safe Cigarette Act.

Yours sincerely,

  
Roger A. McGary
