

In the Dark

by Liv

March 2014

Fear, pain, exhaustion, hopelessness
At the bottom of a black watery pit
Others can see the surface of

Burroughing
Into your mind
Like a bad seed

Whispering dark & horrid memories
Best left
Forgotten
Screaming hot breath
For you not to surface

Pushing you down
Into the monsters
The realist things in the abyss
Pulling you down
Further into the depths of nothingness

Knowledge of the unreachable
Bright warm light above
Weighting down like an anvil

Too tired & scared to fight
Ready to give in
to the dark
