AFL-CIO RESOLUTIONS

Per your request, here is what we found at the AFL-CIO in the way of statements on anti-tobacco legislation:

- A policy resolution, adopted in 1963, opposing the use of federal excise taxes (see page 10). We could not find anything more current on this.
  
- A statement, adopted by the AFL-CIO Executive Council in 1980, condemning anti-smoking regulations as extremes which infringe on individual rights. (see page 45). We could not find any resolution based on this statement.
