During the month of February, Urban Resources, inc. engaged in the following activities on behalf of the Labor Management Committee of the Tobacco Industry:

1. Arranged and participated in meetings with labor leaders in Connecticut to discuss: IAQ issues, regressive tax issues; anti-discrimination issues.
2. Arranged and participated in meetings with labor leaders in New Hampshire on tax issues. **The potential exists in New Hampshire for the development of a "fair tax coalition". It is likely that the state-fed president will contact CTJ in the coming weeks.**
3. Arranged and participated in meetings with labor leaders in Rhode Island. Topics included IAQ and taxes. **During these meetings I was made aware of the arrangements made by the LMC to have two IAQ-related videos "aired" on cable television in the state. This is an excellent opportunity. It may help the R.I. AFL-CIO in its attempts to enact IAQ legislation this year. I would appreciate being kept informed about activities like this, that way local LMC counsel could follow-up. The LMC has been invited to participate in the Rhode Island Labor Institute meeting on March 7 to update leaders in the state on progress in the area of IAQ. It would be appropriate to have an LMC representative at this meeting.**
4. Arranged and met with leaders of the Maine AFL-CIO. Focus of discussions were the area of taxes, IAQ and discrimination. **The Labor Management Committee has been invited to attend a public employees' legislative conference in Maine on March 20, 1991. This might be a good opportunity to present the "tax video".**
5. Participated in AFL-CIO national convention-related activities. Developed separate dinner meetings with labor representatives from New York and New England states.
6. Participated in meeting with President Carlough, Sheetmetal Workers, regarding the need for closer cooperation among the members of his union and LMC counsels.

7. Participated in Pennsylvania AFL-CIO legislative affairs meeting.
8. Arranged for participation in Boston Central Labor Council president's meeting with building trades in Boston.
9. Assisted the Massachusetts AFL-CIO develop testimony for anti-discrimination and workplace smoking legislation.
10. Assistend local industry lobbyists in Boston to educate members of the Boston City Council regarding labor's interest in the workplace smoking issue.

The above activities were implemented in consultation with local LMC/TI leadership and LMC Washington consultants. Detailed expense reports covering these activities will follow.

cc. James Savarese
