# NEVER FAR AWAY

Hate me if you need to
love me if you can
But I hope you don't expect too much
after all, I'm just a man
I used to know just what to say
or even what to do
But I know I'm not forgotten
because I remember you
Time can play some evil tricks
and make things hard to find
Am I really going crazy?
or did I just lose my mind?
I never meant to hurt you
and I did not want to go
So no matter how I say it
I think you already know
Hope tells me there will come a day
when I see you again
For now I just don't have a clue
about how, or where, or when
Within the moon come find me
it's in your dreams I stay
It doesn't matter what you think
I'm never far away
