S Stuntz,

Answer a few questions for me:

We suggested that to feds.

No--that group wants to go after Smalley.

Yes-- Gray running by them.

In light of the Sen. Mitchell hearing on indoor air, should he be briefed by Oldaker & Robertson?

Should EPA's Barnes?

Should Nat. Clean Air Coalitions' Richard E. Ayers?

Are we involved with a 10-12 building survey being done by Maine State Employees Assn., Philip Merrill, exec. dir.? Ditto in New Hampshire where Denis Parker is exec. dir.?

"Redacted--Privileged"

Should we do anything to rebut Stolwijk's claim reported in Investor's Daily that we threatened to sue ASHRAE?

Should we buy the \$77 study from Ebon Research? See attached.

I've asked Sves. to buy.

Should we cultivate Dr. McCunney--also see attached--because he takes it pretty easy on ETS?

have forwarded it they've see if it's interesting

Should the Feds get the full skinny on EPA's plans--also see attached?

We have a copy of the plans. I've stand up feds
