Tobacco Institute Fire Safety Education Program
1875 "I" Street, Northwest
Washington, DC 20006

Dear Karen,

I would like to express my sincere gratitude for your public education program "Firecare for Senior Citizens". We have made use of both the video tape and slide programs. Both were well received.

Thru the Sacramento Fire Department, we were able to have the video program run on the Sacramento Community Cable Channel. (Please see inclosed cable newsletter, page 2). Not only was the program show durning the month of October, Fire Awarness Month, but many times since.

The slide presentation was given to nine senior citizens housing groups. Many expressed their appreciation on how well the programs were put together. We plan on making use of the programs in the near future.

Please accept my sincere thans for sharing such well informed programs. If, in the future, you have any other safety education programs to share, please let me know.

Again, thank you for allowing us to give such a well informed program to our Senior Citizens.

Sincerely,

Linda Bayless
