

COVID THE COMMUNIST BAT

My guano is golden
My intentions are pure
Shutting down your courtrooms
Vacating the jails & prisons
It was all a capitalist scandal

The masses deceived
Your clichéd "reformist" conspiring
With officials that be

Nothing else matters anymore
My sauce is too novel

A prosecutor & Judge in the unemployment line

These are the best of times

SHU program for all!

An ironic end to injustice

Now deliver my fruit

So we can both eat in darkness
