May 4, 1987

MEMORANDUM

To: Bill Kloepper

From: Susan Stuntz *ms*

Answers to your questions of 5/1, in order:

. We've suggested in the past to feds that Mitchell and Barnes be briefed by Robertson. I'll add Oldaker to the list and see what Rita turns up.

. National Clean Air Coalition exists to take shots at tobacco (that's the group headed by the former EPA lawyer who was so anti-tobacco at last year's NAS hearing). In the past we've seen no reason to attempt to cooperate with them.

. Yes we're involved in the Maine/N.H. building survey. Gray participated in the news conferences in those states, and in a seminar sponsored by those organizations. They've indicated an interest in having Gray do the building studies.

. On Stolwijk's claim that we threatened to sue ASHRAE, Matt Jacobs has asked an ASHRAE official to respond to the charge. I'll let you know what we see when we see it.

. I've asked Info. Center to get the Ebon Research piece. So have the feds.

. We've forwarded the McCunney piece to Gray, in case he'd like to add him to the ACVA stable.

. We have copies of the EPA's full plans regarding IAQ and radon. We've shared with the feds.
