Re: AB 13

Here are two additional letters that have been generated in opposition to AB 13. They will be faxed by me to all members of the Ways and Means Committee. Is there any word on when the bill will be scheduled for hearing? Please keep me posted.

I have made several attempts to reach Miguel Contreras at the Hotel/Restaurant Employees in LA. Art has been trying to reach them in SF. Joe Pasqualini talked to the head of the Sacramento local and he said that he had received so many calls that he was not willing to talk about it with anyone. Art and I are assuming that is the same thing happening to us with SF and LA

I am hoping for a few more Machinist letters and Sheet Metal should be coming in this week. I will forward copies of letters to you as they are generated.

Let me know what else you need.
