Notwithstanding the foregoing Special Courses of Instruction are offered to those who desire them, the full Collegiate Course is earnestly recommended to all who are prepared to enter upon it, and to all whose age, condition, and resources permit the making of preparation for it, whatever may be their intended course in life.

To all others, the one or the other of the Special Courses is commended as affording means of valuable discipline, and of a substantial practical education.

PUBLIC COLLEGE EXERCISES.

A Public Examination of all the Classes is held, during not less than four days, twice a year. There is, also, in the Second Term of each year, a Public Exhibition, for which parts are assigned, chiefly to members of the Junior Class, according to their general Scale of Merit.

RELIGIOUS OBSERVANCES.

All resident Students and resident Officers of Instruction are required to attend Morning Prayers, and the Reading of the Scriptures, in the Chapel.

All Students are required to attend Public Worship on Sundays, in the Chapel, except those of legal age, who, on their application to the President in writing, and minors, who, on the application of their parents or guardians, have been permitted to attend elsewhere.

PHYSICAL EXERCISES.

All Students, not specially excused therefrom, are required to participate regularly in the Physical Exercises.

SCHOOL KEEPING.

Meritorious Students, whose circumstances require it, are permitted to be absent for a period not exceeding twelve weeks, including the Winter Vacation, for the purpose of teaching. Applications for such leave of absence must be made to the Faculty on or before November 1st; and no absence is excused unless such permission has been first obtained.

PECUNIARY ASSISTANCE.

There are *seventeen Scholarships* in the gift of the College, varying in amount from *fifty to one hundred dollars* each, as follows:—

THREE STATE SCHOLARSHIPS, of *fifty dollars* each, established in accordance with a requisition of the Commonwealth.

FOUR HOWLAND SCHOLARSHIPS, of *fifty dollars* each, established from the income of the bequest of the late Edwin Howland, Esq., of South Africa.

FIVE WALKER MATHEMATICAL SCHOLARSHIPS, of *one hundred dollars* each, established in honor of the late William J. Walker, M.D., of Newport, R. I., whose munificent donations and bequest for mathematical and kindred purposes, greatly extend the prospective usefulness of the College in these departments.

The PERKINS SCHOLARSHIP, of *sixty dollars*, founded by James D. Perkins, Esq., of Boston, by a donation of one thousand dollars.

The LILLIE SCHOLARSHIP, of *sixty dollars*, given by Mr. Henry A. Lillie, of Boston.

ONE OTHER, of *sixty dollars*, established by the conversion of the Loan Fund, of a thousand dollars, to that purpose.

The TWO SCHOLARSHIPS OF NATURAL HISTORY, amounting, *one to one hundred, and the other to fifty dollars*, are given to such members of the Senior Class, as, in addition to the conditions of other Scholarships, have made superior attainments in some assigned branch of Natural History. For the Class of 1867, the assignment is Botany. Each Competitor is examined upon an Herbarium, the plants for which he has gathered in the neighborhood, and has presented to the College.

These awards are made by the Board of Trustees, on the recommendation of the Faculty.

Scholarships, when voted, are understood to cover the College year just ended; but the obtaining of a Scholarship for one year, is not held to constitute any title to a second nomination.

APPOINTMENTS. The pay of the Monitor is *twenty dollars* a year; that of the Bell-ringer, *forty dollars*.

Applications for the above Scholarships and other aids must be made to the Faculty on or before the first day of June; and, if the applicant be a minor, must be sanctioned by his parent or guardian.

No one need apply who has not made satisfactory progress, or who has come under any grave College censure in the course of the year.

P R I Z E S .

In the Second Term of the Academical year, four prizes of *fifteen dollars* each, in books, are assigned from the Goddard Prize Fund, as follows:—

A Prize for the best Greek Prose Composition, by a member of the Junior Class, on the "Manners of the Roman Senate and People;" Gibbon's Rome, Chapter XXXI., beginning "The populous cities," and ending with "which might excite the envy of the Kings of Asia;" pp. 259–263; to be freely translated into Attic prose.
