MEMORANDUM

TO: The Members of the Executive Committee

FROM: Samuel D. Chilcote, Jr. 

In last week's Executive Summary, I reported on the Coalition of Labor Union Women's (CLUW) new handbook on workplace hazards, which includes a discussion of indoor air quality issues. Enclosed is a copy of that booklet, which was produced with the assistance of the Labor Management Committee and is being distributed by CLUW to all AFL-CIO safety and health officers, as well as other key union officials. I also have enclosed for your information an endorsement of the handbook that CLUW President Joyce Miller received from Peg Seminario, director of the AFL-CIO's OSHA department.
