

Designated White Driver

Minnesota progressives, progressively worse
deal with law enforcement, you're driven off in a hearse
I need a designated white driver, to make sure I'm not killed
by police on the scene, presuming my guilt.

Minorities Need NOT apply, unless you want to die
Minnesota- land of 10,000 fakes, how many deaths does it take
I need a designated white driver, to make it through this state
Passive aggressive, resurfacing hate

Define transparency
it means cops killing citizens in front of me
I need a designated white driver, rent him by the hour
white skin is power, unarmed, the rest of us cower

I'm doing life, for killing a white man
34 years served, hoping for a parole plan
I'll need a designated white driver
cops on the attack, given recent facts they'll shoot me in the back
yet I'm Asian not even black

Ice Cube put your money where your mouth's at, or are you a sellout, as a rich cat
Need I remind you that you're still black?
Produced "Ride Along", reduced "F*ck the Police" to just a song?
Where's NWA? OG's with street cred- you forgot the hood when you got ahead?

Black lives matter- "Are we there yet?" - do you feel a debt?
I call you out, you lost your fire, while we expire
I need a designated white driver, a plan to be a survivor
play the white man's game, robotic & tame

I need a designated white driver
I can't bleach my skin
I can't breathe
prejudice wins
