
Recent Publications by the Fletcher Community

The Fletcher School of Law and Diplomacy, established in 1933, is the oldest graduate school of international affairs in the United States devoted exclusively to graduate study. The fundamental mission of The Fletcher School is to provide high quality and multidisciplinary teaching and research in the fields of law, diplomacy, economics, history, politics, business, and regional studies. As a service to our readers, and in an effort to provide a wider audience for the innovative work being done by our faculty, students, and recent graduates, *The Fletcher Forum* publishes in each issue a listing of recent publications by the Fletcher community.
