

December 22, 1992

Susan,

The attached charges came over earlier in Dec. on one bill as APRI promotion, which I questioned.

On the APRI promotion, the approved budget provided 12.5k for staff hours (which has been previously billed and paid) and 5.5k for expenses (of which only \$1,689. has been billed and paid). These staff hours could be paid from the latter category if you approve.

On the MA Initiatives bill there is no apparent reason for why it was not billed earlier.

Please let me know if you have any questions.

Cal
