It's hard stayin' Alive,  
I'm thinkin' Death's better  
than strugglin' tryin to Survive,  
All I see is fake faces  
and people tellin' me lies,  
Replace me you could try,  
I'm just not them other guys,  
I'm only one of a kind,  
My love you'll never find,  
Made it out the Jungle  
them snakes, I thought was vines,  
I was tryin' to hold on  
'til it bit me, I was fine,  
Voices sayin' hold on  
Then I realized it was mine.
