

MEMORANDUM

September 6, 1989

To: Bob Lewis
From: Walter Woodson *WW*

Two more airline updates since the meeting.

Senator Hollings

+ John Monroe Holliday

o On the afternoon of 9/5, Hollings personally called our state lobbyist Sterling Smith to discuss the issue. Hollings said he is not only in our camp, but also lobbying other Committee members to hold the line and vote against the total ban.

----- Hollings notes that anti-tobacco forces are saying they have the votes already to push through a total ban, and Hollings is trying to counter or discount that claim.

Senator Kerrey

o Our state lobbyist Bill Peters met with Kerrey late last week and reports that he will vote against us on the issue. Peters impression was that Lautenberg had managed a horse trade of some type with Kerrey.

I'll keep you updated on any other contacts that roll in.
