Washington, DC., 20036

Dear Jim/ Leslie:

Below is my report for September, 1993:

September was a month of conferences that I attended and we did very well in passing the Health Care resolution and gathering signatures, which are enclosed.

The Florida State Council Of Machinists and Aerospace Workers met on September 18, 1993 and passed the resolution on Health Care taxes. We also gathered signatures for the C.T.A. petitions. We then submitted the resolution to the Florida AFL-CIO convention for its adoption. The resolution was passed on September 24, 1993, that resolution will now be forwarded to the National AFL-CIO and be forwarded to our Legislators for their respective votes.

The Missile and Electronics District Lodge passed the resolution (enclosed):

I.A.M. & A.W. Banana River Local Lodge 2061 passed the resolution (enclosed)

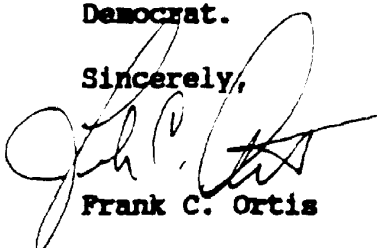

The Space Coast Central Labor Council passed the resolution, and I will be forwarding that to you as soon as I receive it.

I will be setting up meetings in October obtaining more resolutions and more signatures for the C.T.A. petition.

I will be pushing the resolution with our State and Local Legislators. The Broward County AFL-CIO, will be having our annual Legislative breakfast October 16, 1993.

We will be conducting a Legislative Action Committee meeting on October 23, 1993, targeting Congressman Alcee Hastings C.D. 23 Democrat.

Sincerely,

Frank C. Ortis
