The State of Democracy in Russia

ALEXANDER RAHR AND NICOLAI N. PETRO5

Our Man in Moscow

While many in the West view Putin as steering his country toward dictatorship, Nicolai N. Petro and Alexander Rahr contend that the Kremlin leader is best understood as a consummate pragmatist, whose success is strategically vital to the West.

TOM LANTOS

Putting Democracy First in Relations with Russia13

Russia under Vladimir Putin may wish to join the Group of Seven (G-7) nations—the United States, Canada, France, Britain, Germany, Japan and Italy—and create a new “G-8,” but Tom Lantos argues to prevent this until Putin improves Russian democracy.

VLADIMIR SHKOLNIKOV

Modernization and Russian Democracy21

Vladimir Shkolnikov cautions Russia, Georgia, and Ukraine against wholesale acceptance of Western democratic models. Instead, he argues for local design of democratic reform agendas. GAWDAT BAHGAT

Transatlantic Cooperation: Libya’s Diplomatic Transformation43

Muammar al-Qadhafi’s decision to denounce terrorism and rid Libya of weapons of mass destruction has changed Libya’s diplomatic status from a pariah to a responsible international player. Gawdat Bahgat thinks this will continue to affect Libyan foreign policy, as well as prospects for the Libyan oil industry.

MARYAM MONTAGUE

Morocco’s Truth Revealed, and the Possibility of Reconciliation59

Maryam Montague examines Morocco’s Equity and Reconciliation Commission, a panel established to review human rights violations perpetrated from 1956 to 1999, and to provide reparations to victims. BLAIR RUTHERFORD

The Rough Contours of Land in Zimbabwe.....103

Blair Rutherford rethinks mainstream media's dominant narratives about Zimbabwean land politics. How will ongoing "territorializing projects"—land occupations that attempt to enforce ruling-party discipline on farmers and workers—affect the politics of land and the welfare of rural Zimbabweans?

MACHARIA MUNENE

Africa and Shifting Global Power Relationships117

Macharia Munene reminds readers that there are other avenues to international esteem besides economic and technological supremacy. India, China, and North Korea: A New Understanding

SUNG-YOON LEE

The Mythical Nuclear Kingdom of North Korea125

U.S. Foreign Policy

LOUIS KLAREVAS

W Version 2.0: Foreign Policy in the Second Bush Term165

Louis Klarevas argues that foreign policy in George W. Bush's second term will adhere strictly to the realist school of international relations theory. At the same time, Bush's expansive foreign policy goals will be compromised by the United States' dwindling financial and military resources.
