*“ As goodly suns from shillings rise,  
So time, made up of moments, flies—  
Flies, transient, and is known no more,  
As spendthrifts waste the miser's store,  
And he who would be great and wise,  
Must all his precious moments prize,  
Must stoth abandon, fraud and strife,  
And every moment mend his life.”*

CONTENTMENT. A SONG.

**N**O Glory I covet, no riches I want,  
Ambition is nothing to me;  
The one thing I beg of kind Heav'n to grant,  
Is a mind independent and free.  
With passion unruffled, untainted with pride,  
By reason my life let me square:

F E B R U A R Y, 28 Days,

1790.

The wants of my nature are cheaply supply'd,  
 And the rest is but folly and care.  
 The blessings which Providence freely has lent,  
 I'll justly and gratefully prize;  
 While sweet meditation and chearful content,  
 Shall make me both healthy and wise.

# The great mystery discovered

M A R C H, 31 Days,

1790.

In the pleasures the great man's possessions display,  
Unenvy'd I'll challenge my part ;  
For ev'ry fair object my eyes can survey,  
Contributes to gladden my heart.  
How vainly, through infinite trouble and care,  
The many their labours employ,

“BELINDA, see from yonder flowers

The bee flies loaded to its cell ;

Can you perceive what it devours ?

Are they impair'd in show or smell ?

So though I've robb'd you of a kiss,

J U N E, 30. Days, 1790.

Why are you angry at my bliss ?  
 Has it at all impoverish'd you ?  
 'Tis by this cunning I contrive,  
 In spite of your unkind reserve,  
 To keep my famish'd love alive,  
 Which you inhumanly would starve."

SEPTEMBER 30 Days. 1790.

Whilst all the stars that round her burn,  
 And all the planets in their turn,  
 Confirm the tidings as they roll,  
 And spread the truth from pole to pole.  
 What though in solemn silence, all  
 Move round the dark terrestrial ball?

OCTOBER 31 Days. 1790.

What though nor real voice nor sound  
 Amid their radiant orbs be found?  
 In reason's ear they all rejoice,  
 And utter forth a glorious voice,  
 For ever singing as they shine,  
 The Hand that made us is Divine."

NOVEMBER, 30 Days. 1790.

AMBITION—NEVER SATISFIED.

LONG as to him, who works for debt, the day ;  
 Long as the night to her, whose love's away ;  
 Long as the year's dull circles seems to run,  
 When the brisk minor pants for twenty one ;  
 So slow th' unprofitable moments roll,  
 That lock up all the functions of my soul ;

The stealing steps of never standing Time;  
With wisdom mark the moment as it flies,
