Attention: Mr. Ron Carey  
General President

Dear Sir and Brother:

It is inconceivable that at a time of financial crisis and shrinking membership, that you, and your ill advised Corporate Campaign Strategist Ron Carver, are putting good paying Union jobs on the line with regard to the boycott of Entenmann's Bakery.

As the President of Joint Council #64 of Connecticut and having members who work for Entenmann's Bakery, I am concerned for their well being. I implore you to stop this campaign at once. For a Brother to hurt another Brother, can only be more derisive to the problems this Union now faces.

Entenmann's Bakery has always cooperated with this International Union by recognizing us with only a show of membership cards. Your fight should be directed at Philip Morris and Freihofers, not with Entenmann's.

There are many issues that I do not agree with, but I hope that you can rethink this ill advised Corporate Campaign against Entenmann's and the hard working Union members that earn a decent living. For

you as the General President, to continue with this crusade, can only tarnish the Teamsters Union.

Fraternally yours,

Jack Powers  
President
