

BUSINESS COUNCIL ON INDOOR AIR

1225 19th Street, N.W., Suite 300, Washington, D.C. 20036 ☐ (202) 775-5887

April 18, 1989

TO: BOARD OF DIRECTORS

MEETING WITH EPA TECHNICAL STAFF

As we agreed at the April 3 Board of Directors meeting, we have arranged a meeting with Dr. Michael Berry (Deputy Director, EPA Environmental Criteria and Assessment Office) on Monday, May 9, at EPA offices in Research Triangle Park, NC. Dr. Berry offered to spend 4-5 hours with BCIA representatives to discuss EPA's existing and proposed research on indoor air, BCIA's activities, and future coordination with the private sector. We anticipate this meeting to be technical in nature.

Please call Paul or me by Friday, April 21, if someone from your company can attend the meeting.

Nancy G. Doerrer
Director of Scientific Affairs
