Mr. Samuel D. Chilcote
President
The Tobacco Institute
1875 I Street, NW
Suite 800
Washington, D.C. 20006

Dear Mr. Chilcote:

The attached letter of June 6, 1994 on behalf of the Industry's good friends at the National Korean Grocers Association (National KAGRO) indicates the organization's strong opposition to increases in the federal cigarette excise tax. More importantly, Claire Iwatsu's letter suggests that National KAGRO can be, and should be, an important Industry ally in the legislative consideration of the various FET proposals being considered by the Congress.

Please have a Tobacco Institute representative contact Ms. Iwatsu as soon as possible in order to enlist the valuable assistance of National KAGRO and its members.

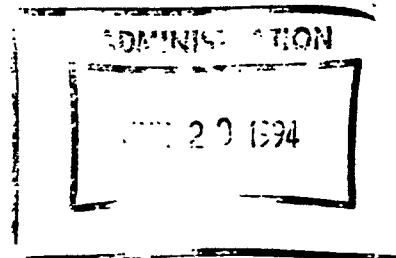

Sincerely yours,

Arthur J. Stevens
