1989 INVOICES AND OFFICERS

Those of you who have been in direct contact with our office in January are aware of a couple of recent, significant Washington events with respect to indoor air issues. For example, Senator Mitchell's indoor air legislation has been moved from the Subcommittee on Environmental Protection to the Subcommittee on Superfund, Ocean, and Water Protection chaired by Senator Lautenberg (D-New Jersey). Also, EPA is interested in BCIA's coordinating a special industry briefing by EPA officials on the Agency's submission to Congress. More details are provided in the attached update memo.

In my memo of October 4, 1988, I offered to suggest officers for 1989. Thus, I would like to propose the following three people as BCIA officers for the current year:

Chairman - Mr. Richard V. Dempster Environmental Air Control, Inc.

Vice Chairman - Dr. Richard A. Herrett ICI Americas, Inc.

Secretary/Treasurer - Dr. Klaus D. Rosinski Owens Corning Fiber

Please sign the attached voting sheet, indicating your affirmative or negative vote for this slate of officers. I need a response from each BCIA member. I would like to receive your response no later than Friday, February 17, as we will be filing incorporation papers the following week.
